

'VIP' Appointments

Our patients are all VIPs! First Care Clinic offers same-day 'VIP' medical appointments to allow patients to be seen by their provider within 24 hours. Patients are seen quicker and get well faster, while providers stay in touch with their own patients.

Resources & Education

- Medicaid Eligibility Assistance

After Hours

Patients may call First Care Clinic after hours at 785-621-4990 and push the option to be transferred to an on-call medical provider. However, this provider is off-site and is for urgent concerns only. This service is not for rescheduling appointments, refilling prescriptions, or paying bills.

For patients experiencing chest pain, shortness of breath, generalized weakness to one side of the body, major trauma, or other urgent conditions, please call 911 or go to the nearest emergency room.

**Comprehensive
Family Medical
and Dental Care**

About Us

First Care Clinic is a family practice committed to providing comprehensive care to our patients. Our family medicine providers deliver care to patients of all ages, from pediatric to geriatric. Our goal is to provide whole-person care and to help our patients feel their best.

In addition to family medicine, FCC provides integrated behavioral health and dental care. We accept most major insurances, and services are also provided on a sliding fee scale for those who qualify.

Patient Centered Medical Home

First Care Clinic is recognized as a Patient-Centered Medical Home, which is a team-based model that puts the patient at the forefront of their care. Practices that earn this recognition have made a commitment to continuous quality improvement and use evidence-based guidelines for best practices.

It's important for our patients to ask questions, be active in their own care, and inform their primary care provider whenever they obtain care outside of First Care Clinic. We want our patients to have a clear understanding of their treatment and future healthcare goals.
